VEHICLES ONLY**

**GOLF CART
PARKING
ONLY**

- The lower parking lot below the clubhouse is for parking VEHICLES ONLY on Friday, Saturday, Sundays and Major Holidays between Memorial and Labor Day or until we are no longer in high water status.
- We have identified various locations around the community for parking your trailers and extra vehicles. Look for OVERFLOW PARKING signs.
- Parking of unattached trailers on community streets is also prohibited. On certain streets, parking of a vehicle with a trailer will not be allowed, for safety reasons.
- Access to both the main marina and the west ramp launching is limited to one watercraft trailer at a time. When driving down Turkey Cove and/or Saddle Way to access the main marina and/or the west ramp, please be advised that you will need to drive single file and obey all street signs and the staff's directions.
